INTRODUCTION

Suggestions for Site Furnishings and Amenities are noted below. Refer to Exhibit A: Design Charrette Plan for layout and amenity locations.

LANDSCAPE AND SITE AMENITIES

1. Existing Trees

JLJA suggests that the following existing trees be considered for retention, upon review by a certified arborist and confirmation that retention will not disrupt utility improvements. Tree numbers correspond to map and photographs provided by City; refer to Exhibit B: Tree Study. Trees suggested for retention were selected based on the following criteria:

- Species suitable for streetscape environment;
- Observations of tree form, including branch structure and canopy;
- Limited conflict with proposed street and utility improvements.
100 Block
- Tree #9 - *Pyrus calleryana* (Callery Pear)

200 Block
- Tree #12 - *Pistacia chinensis* (Chinese Pistache)
- Tree #20 - *Pistacia chinensis* (Chinese Pistache)
- Tree #68 - *Pistacia chinensis* (Chinese Pistache)

300 Block
- Tree #28 - *Pyrus calleryana* (Callery Pear)
- Tree #40 - *Pistacia chinensis* (Chinese Pistache)
- Tree #43 - *Pistacia chinensis* (Chinese Pistache)
- Tree #62 - *Pistacia chinensis* (Chinese Pistache)

2. Suggested Tree Species
- Small/Medium-scale flowering tree at mid-block crossings:
  - *Lagerstroemia indica* (Crape Myrtle)
- Small/Medium-scale deciduous tree:
  - *Pyrus calleryana* ‘Aristocrat’ (Aristocrat Callery Pear)
- Large-scale evergreen tree at larger bulb-out planters:
  - *Lophostemon confertus* (Brisbane Box)

3. Proposed Plant Species - Below is a list of suggested plants to choose from that are robust, low maintenance, water conserving, and friendly to butterflies and birds. Some of the plants listed are included in the Kimley-Horn 60% documents.
- Tree/shrub at Filterra unit (from Filterrra suggested plant list):
  - *Carex divulsa* (Berkeley Sedge)
  - *Cercis canadensis* (Eastern Redbud)
  - *Cercis occidentalis* (Western Redbud)
  - *Helictotrichon sempervirens* (Blue Oat Grass)
  - *Juncus patens* (California Gray Rush)
  - *Muhlenbergia rigens* (Deer Grass)
  - *Rhaphiolepsis indica* (Indian Hawthorn)
- At grade planter shrub/grass/perennials:
  - *Agapanthus* ‘Storm Cloud’ (Lily-of-the-Nile)
  - *Carex divulsa* (Berkeley Sedge)
  - *Coleonema pulchrum* ‘Sunset Gold’ (Golden Breath of Heaven)
– **Correa pulchella** (Pink Australian Fuchsia)
– **Coprosma** hybrids (Mirror Bush)
  – ‘Inferno’
  – ‘Lemon Lime’
– **Chrysanthemum** spp. (Chrysanthemum): in raised pots
– **Grevillea lanigera** ‘Mt. Tamboritha’ (Woolly Grevillea)
– **Helictotrichon sempervirens** (Blue Oat Grass)
– **Muhlenbergia capillaris** (Pink Muhly)
– **Phormium** ‘Jack Spratt’ (New Zealand Flax)
– **Rhaphiolepis indica** ‘Ballerina Pink Dancer’ (Indian Hawthorn)
– **Sesleria** ‘Greenlee’ (Greenlee Moor Grass)
– **Westringia** ‘Mia's Wonder’ (Coast Rosemary)

4. **Benches**
   - Scarborough, by Landscape Forms, with center bar
   - Color: Ivy
   - Style: Freestanding or surface mount
   - Optional: Lockable box with USB power receptacle

5. **Bike Rack**
   - 35 Loop, by Landscape Forms
   - Finish: Stainless steel
   - Style: Surface mount

6. **Moveable and Fixed Café Table and Chairs**
   - **Avivo**, by Forms + Surfaces
   - Finish: Powdercoat Azure (premium texture), Aluminum (standard texture), and/or custom RAL color
   - Style: Freestanding or surface mount, chairs are stackable
   - Height: Dining height
   - Table Top Option: Metal cut-out game board top with powdercoat finish

7. **Fixed Bistro Table and Chairs**
   - **Avivo**, by Forms + Surfaces
   - Finish: Powdercoat Azure (premium texture), Aluminum (standard texture), and/or custom RAL color
   - Style: Freestanding or surface mount, chairs are stackable
   - Height: Bar height
   - Table Top Option: Metal cut-out game board top with powdercoat finish
8. Waste Receptacles
   - Urban Renaissance, by Forms + Surfaces
   - Finish: Powdercoat Evergreen
   - Suggest keeping existing dual stream receptacles with art (Windsor Barrel Works custom) at mid-block crossings

9. Bollards
   - R7539, by Reliance Foundry
   - Color: Dark green

10. Moveable Planters
    Option 1
    - Plaza Shrubbets, by Streetlife
    - Style: round or square (suggest square at mid-block crossings and round at intersections)
    - Finish: Steel or powdercoat
    - Freestanding, moveable by forklift

    Option 2
    - TF4142, by Wausau Made
    - Style: round or square (suggest square at mid-block crossings and round at intersections)
    - Finish: A26, standard acid-wash concrete finish
    - Freestanding, moveable by forklift

11. Hanging Planters
    - Fiberglass hanging, by Planters Unlimited
    - Color: Light coco
12. Signage
   • Merchant Signage: Suggest including a two-sided, free-standing sign with merchant names listed at each intersection. Sign should be easy to add/remove names, include a motif to emphasize historic downtown district.

   • Seasonal Banner Sign: Suggest two-sided at 200 block mid-block crossing. See Exhibit A.

   • Light Pole-Mounted Banners and Flags: Light poles to have capability to maintain banners and flags.

13. Art
   • Incorporate locations for public art throughout downtown. See Exhibit A for potential locations.
   • Refer to Exhibit D: Story Book Concept for potential theme and location in 300 block for central piece.

14. Lighting/Electrical
   • Include string lighting infrastructure at mid-block crossings. See Exhibit A.
   • Include future lighting infrastructure at 300 mid-block crossing for potential art installation.
   • Include fiber optics/wireless capability if possible.

15. Other
   • Consider adding dog water drinking fountain and water bowls.
   • Potted Plants: Provide merchants with options to install and maintain on their own, by having a design guidebook with raised container choices and plant palettes from which to choose.
INDIVIDUAL SHEET DRAWING COMMENTS

**LS-01**
- Landscape Legend does not match those on sheets LS-02 to LS-08

**LS-02**
- Matchline for sheet 46 (LS-03) does not line up

**LS-03**
- Matchline for sheet 45 (LS-02) does not line up
- No matchline for sheet 51 (LS-08)
Exhibit D - Main Street Storybook
Salinas Downtown Main Street Improvements
Kimley-Horn | Joni L. Janecki & Associates
November 29, 2018
Scarborough is welcoming and comfortable in two versions. The horizontal strap seat is clean and simple. The woven seat suggests the familiar strapping fabric of patio furniture. The patented design is assembled as a warp and weft construction of pre-formed parts. The backless Scarborough bench can be used from either side and is ideal for narrow spaces. Litter receptacles with strap or square bar vertical panels are nicely scaled to the bench and the human form. Scarborough transcends categories. It is remarkably durable not only in the way it wears but in the way it remains current over time.

**Bench**

- Woven and horizontal strap seat styles may be specified for backed or backless benches.
- Backed benches are offered in 24”, 48”, 72”, or 96” lengths.
- Backless benches are offered in 48”, 72”, or 96” lengths.
- Center arm may be specified on backed benches in 72” or 96” lengths.
- Bench in 96” length available with two intermediate arms.

SCARBOROUGH
Product Data Sheet

Finishes

- Metal is finished with Landscape Forms’ proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading.
- Call for standard color chart.

To Specify

- Bench: Specify backed or backless, bench length, horizontal strap or woven seat style, with or without center/intermediate arm, and powder coat color.
- Litter receptacle: Select top- or side-opening, vertical strap or square bar side panel, powdercoat color. If optional powdercoat color is specified, select standard powdercoat color for liner. Options: keyed lock; ash pan on side-opening units.
- Recycling receptacle: Select opening and powdercoat color. If optional powdercoat color is specified, select standard powdercoat color for liner. Select single or dual use. Optional signage available, select wording. Options: keyed lock; ash pan on side-opening units.

Avivo Bar Stools bring a distinctly F+S point of view to café seating. Designed to coordinate with Avivo bar tables, Avivo bar stools are beautifully detailed aluminum with a powdercoat finish. Seats and backs may be specified with or without standard perforation patterns. Bar stools can generally be stacked up to three high. Blending a modern aesthetic with versatile design options, the Avivo family also includes Avivo chairs and Avivo tables in various shapes and sizes—a perfect match for hospitality, healthcare, and indoor and outdoor gathering spaces of all kinds.

**PRODUCT DETAILS**

- **MATERIALS, FINISHES & DIMENSIONS**
  - Bar stool frame is cast aluminum; seat and back are formed aluminum. Bar stool has a powdercoat finish.
  - See the Forms+Surfaces Powdercoat Chart for details. Custom RAL colors are available for an upcharge.
  - All Forms+Surfaces powdercoat colors have been formulated to be ultra-durable for improved long-term wear and resistance to weathering. Our powdercoat colors are also anti-graffiti, allowing marks from paint, permanent markers, and dirt to be easily removed.
  - Due to the inherent nature of metal castings, gloss powdercoats are not offered for cast components.
  - Weight: 26.5 lbs.

- **PATTERN OPTIONS**
  - Seat and back can be solid or perforated in one of three standard patterns: Stella, Vento, or Riva (shown on page two).

- **INSTALLATION & MAINTENANCE**
  - Avivo Bar Stools are freestanding and include UV-stabilized, wear-resistant polypropylene glides.
  - UV-stabilized, wear-resistant polypropylene bumpers are included on the underside of each chair to protect when stacking.
  - Bar stools can generally be stacked to a height of 3 units, depending on surface levelness, winds, and other conditions.

ENVIRONMENTAL CONSIDERATIONS

• Please refer to the Avivo Bar Stool Environmental Data Sheet for detailed environmental impact information.
• Avivo Bar Stools have high recycled content and are fully recyclable.
• Standard powdercoat finishes are no-VOC; non-standard powdercoat finishes are no- or low-VOC, depending on color.
• Low maintenance.

PRODUCT OPTIONS

The following options are available for an upcharge

- Premium Texture Colors from Forms+Surfaces Powdercoat Chart
- Custom RAL powdercoat color

LEAD TIME: 6 to 8 weeks. Please contact us to discuss your specific timing requirements.

PRICING: Please contact us at 800.451.0410 or sales@forms-surfaces.com. At Forms+Surfaces, we design, manufacture and sell our products directly to you. Our sales team is available to assist you with questions about our products, requests for quotes, and orders. Territory Managers are located worldwide to assist with the front-end specification and quoting process, and our in-house Project Sales Coordinators follow your project through from the time you place an order to shipment.

TO ORDER SPECIFY: Quantity, powdercoat color, and optional perforation for seat and seat back. Quote/Order Forms are available on our website to lead you through the specification process in a simple checkbox format.
**Avivo Chairs** bring a distinctly F+S point of view to café seating. Chairs are beautifully detailed aluminum with a powdercoat finish. Seats and backs may be specified with or without one of three standard perforation patterns. Chairs are generally stackable up to four high and available with or without armrests. Blending modern aesthetics with versatile design options, the Avivo family also includes coordinating tables, bar tables and bar stools—a perfect fit for hospitality, healthcare, and indoor and outdoor gathering spaces of all kinds.

Avivo Pedestal Tables expand the reach of the Avivo Family. Round table tops in two sizes sit solidly above a tapered aluminum column that transitions to a cross-shaped base. Tops are available with insets of aluminum, glass, or TENSLO Ultra High Performance Concrete (UHPC). Glass tops include options from our VividGlass line. Three table configurations — café table, bar table and coffee table — serve up solutions for a variety of gathering scenarios. Blending a modern aesthetic with versatile design options, Avivo Pedestal Tables are a sleek addition to a family that includes chairs, café tables, bar stools and bar tables for indoors or out.

LEAD TIME: 6 to 8 weeks. Please contact us to discuss your specific timing requirements.

PRICING: Please contact us at 800.451.0410 or sales@forms-surfaces.com. At Forms+Surfaces, we design, manufacture and sell our products directly to you. Our sales team is available to assist you with questions about our products, requests for quotes, and orders. Territory Managers are located worldwide to assist with the front-end specification and quoting process, and our in-house Project Sales Coordinators follow your project through from the time you place an order to shipment.

TO ORDER SPECIFY: Quantity, model, powdercoat color, tabletop inset, and freestanding or surface mount. Quote/Order Forms are available on our website to lead you through the specification process in a simple checkbox format.
Loop

- Loop bike rack is a simple, sweeping circle with a twist.
- Both functional and sculptural.
- Cyclists can loop and lock one or two bikes around its shape-shifting cast aluminum ribbon frame.
- The aluminum casting, finished with Pangard II® powdercoat, is offered in a selection of colors. Must be embedded to a concrete surface.
- Bike racks must be placed 30" apart, and 24" from wall; see installation guide.
- Meets APBP guidelines.

Metal Finishes

- All metal is finished with Pangard II®, offered exclusively by Landscape Forms, a 19-step program of cleaning, priming, and powder coating that resists rusting, chipping, peeling and fading to produce the finest metal finish available for site furniture. In addition, Pangard II® contains no heavy metals and is free of Hazardous Air Pollutants.
- Call for standard color chart.

Recycled Content

- Loop has a recycled content of 97%, and is 100% recyclable.

To Specify

- Specify collection name and product name.
- Specify powdercoat color.

Urban Renaissance Litter & Recycling Receptacles combine classic urban architectural design with performance that meets the rigorous demands of modern city environments. Featuring corrosion-resistant stainless steel construction, this hardened, streetwise receptacle has been specifically designed to defend against abuse, graffiti, vandalism and theft. Five unique standard grillwork designs are available; custom grillwork can also be specified. With models ranging from basic litter receptacles to those utilizing innovative recycling mechanics, Urban Renaissance is an ideal solution for any city environment’s litter & recycling needs.

MATERIAL & CONSTRUCTION DETAILS

</tbody>
</table>

INTEGRATED RECYCLE BIN CONFIGURATION

- Receptacles with integrated recycle bins feature a spring-loaded "trap door" in the bottom of the recycle bin used to empty the bin or to allow non-recyclables to be flushed into the main receptacle below.
- Allows for emptying by regular maintenance personnel or, as encouraged by some users in urban environments, passersby may empty for scrap or redemption value.
- Receptacle opens in a clamshell fashion with half of the body serving as a swing-out door.
- Latches and hinges are stainless steel. Standard latch option is a lift latch; a security latch operated with a special tool is available for an upcharge.
- Both single-stream and split-stream receptacles use independent, replaceable internal liners designed to be used with or without plastic litter bags.
- Liners are molded from durable black polyethylene with a UL94HB fire rating.
- Metal surfaces can be cleaned as needed using a soft cloth or brush with warm water and a mild detergent. Avoid abrasive cleaners.

</tbody>
</table>
ENVIRONMENTAL CONSIDERATIONS

- Please refer to the Urban Renaissance Environmental Data Sheet for detailed environmental impact information.
- Urban Renaissance has up to 68% recycled content.
- All components are fully recyclable.
- Stainless steel construction ensures a long product life cycle.
- Standard powdercoat finishes are no-VOC; non-standard powdercoat finishes are no- or low-VOC, depending on color.
- Urban Renaissance can make an important contribution to local recycling programs.
- Low maintenance.

Product Sheet

Product Code

STUB-S90-90-PC

Product description

Steel tree planter with double powder coat finish in RAL colour. Including drainage holes and internal provision for root ball anchoring. Including 7cm high support rails at the bottom and 6

Dimensions

c. 90x90x90cm | 35x35x35" (l×w×h), vol. 0.65 m³ | 23 ft³

Weight

Empty ca. 140kg | 308lbs
Filled with soil approx. 1285kg | 2830lbs

Material

Laser-cut (CorTen) steel, 4mm thick, finished with a double powder coating in RAL colour

Available accessories/extra

Treetec® Bottom Up Care system

Transport

Due to 7cm high support rails sufficiently high raised to lift by forklift

Packing unit

Fully assembled

Cleaning & Maintenance

Clean occasionally with water and mild cleaning agent. Immediately repair deep scratches.

*Metric units are leading

Design: Streetlife

Protected by int. Modeldepots & Patents
Size: 54” dia x 40” t
Weight: 2,650 Lbs.
Material: Reinforced Concrete
Reinforcing: 3/8” Dia. Steel Rebar
Drain Hole: (1) 2” Dia Drain Hole
Hardware: (4) 5/8” Dia. Lifting Inserts

Note: Lifting inserts are to ONLY be used when planter is EMPTY

**Accepts Reservior System**

Finish Options

- Standard Color Palette
**General Description:**
The R-7539 Decorative Bollard features a classic design, suitable for traditional and contemporary environments. R-7539 bollards are made from a versatile ductile iron, featuring decorative fluting and spherical top castings. Bollard surfaces are protected by a durable powder coating, available in 6 standard colors, to prevent wear and corrosion. Use as fixed, stand-alone bollards or cover impact-resistant security posts. Removable mountings are available.

**Specifications:**
- **Height:** 35 3/4"  
- **Base Diameter:** 10 1/4"  
- **Weight:** 75 lbs (Bollard Only)  
- **Material:** Ductile Iron  
- **Max. Interior Security Post Size:** 4 1/2" x 25" (Diameter x Height)

**Finish Options:**
- Polyester Powdercoated

See Reliance Foundry's standard color options at: www.reliance-foundry.com/bollard/colors-bollards

**Installation Options:**
- Fixed - Anchor Casting in New Concrete (see sheet 2 of 12)
- Fixed - Concrete Insert Anchor in Existing Concrete (see sheet 3 of 12)
- Fixed - Adhesive Anchor in Existing Concrete (see sheet 4 of 12)
- Fixed - Anchor Casting with Concrete Form (see sheet 5 of 12)
- Post Cover - New Post in New Concrete (see sheet 6 of 12)
- Post Cover - New Post in Existing Concrete (see sheet 7 of 12)
- Post Cover - Existing Post with Adhesive Anchor (see sheet 8 of 12)
- Post Cover - Existing Post with Concrete Anchor (see sheet 9 of 12)
- Removable - Anchor Casting in New Concrete (see sheet 10 of 12)
- Removable - Concrete Insert Anchor in Existing Concrete (see sheet 11 of 12)
- Removable - Premium Retractable in New Concrete (see sheet 12 of 12)

For more information on bollard post installation, please visit: www.reliance-foundry.com/bollard/installation-bollards

**Care and Maintenance:**
Reliance's line of bollards are finished with a long-lasting powder-coating. Proper care and maintenance are required. Regularly-performed inspections and routine cleaning will ensure that a bollard retains its aesthetic appeal and does not become damaged by the elements.

See Reliance Foundry's maintenance guide at: www.reliance-foundry.com/bollard/maintenance-bollards

**Optional Accessories:**
- Chain Eye
- Quick link
- Chain (5/16")
- Padlock, Brass (1 3/4")
- Padlock, Stainless Steel (2")

See Reliance Foundry's optional accessories at: www.reliance-foundry.com/bollard/accessories-bollards

---

## Notes:
1) Bollard post is provided as shown. Concrete, foundation and/or installation ordered separately or provided by others.  
2) Minimum foundation sizes depend on local soil conditions, weather conditions, and engineering requirements.  
3) Dimensions provided herein is for reference only. Please consult Reliance Foundry sales professionals if any dimension is critical to your particular installation.  
4) Reliance Foundry reserves the right to amend design and specifications without prior notice for product improvement.

---

## Tools needed:
1) Measuring tape  
2) 1 1/2" wrench  
3) 3/16" hex key

5) Secure bollard cap with 3/8" set screws and cover set screws with plastic plugs.

4) Secure bollard base with 1" washer and 1" nut.

1) Ensure top of anchor casting is level and flush with finished concrete grade.  
2) Wait until concrete is cured.  
3) Tighten threaded bar until it reaches approx. 1 to 1 1/2" into the anchor casting.

---

**General Description:**

The R-7539 Decorative Bollard features a classic design, suitable for traditional and contemporary environments. R-7539 bollards are made from a versatile ductile iron, featuring decorative fluting and spherical top castings. Bollard surfaces are protected by a durable powder coating, available in 6 standard colors, to prevent wear and corrosion. Use as fixed, stand-alone bollards or cover impact-resistant security posts. Removable mountings are available.

**Specifications:**
- **Height:** 35 3/4"
- **Base Diameter:** 10 1/4"
- **Weight:** 75 lbs (Bollard Only)
- **Material:** Ductile Iron
- **Max. Interior Security Post Size:** 4 1/2" x 25" (Diameter x Height)

**Finish Options:**
- Polyester Powdercoated

See Reliance Foundry's standard color options at: www.reliance-foundry.com/bollard/colors-bollards

**Installation Options:**
- Fixed - Anchor Casting in New Concrete (see sheet 2 of 12)
- Fixed - Concrete Insert Anchor in Existing Concrete (see sheet 3 of 12)
- Fixed - Adhesive Anchor in Existing Concrete (see sheet 4 of 12)
- Fixed - Anchor Casting with Concrete Form (see sheet 5 of 12)
- Post Cover - New Post in New Concrete (see sheet 6 of 12)
- Post Cover - New Post in Existing Concrete (see sheet 7 of 12)
- Post Cover - Existing Post with Adhesive Anchor (see sheet 8 of 12)
- Post Cover - Existing Post with Concrete Anchor (see sheet 9 of 12)
- Removable - Anchor Casting in New Concrete (see sheet 10 of 12)
- Removable - Concrete Insert Anchor in Existing Concrete (see sheet 11 of 12)
- Removable - Premium Retractable in New Concrete (see sheet 12 of 12)

For more information on bollard post installation, please visit: www.reliance-foundry.com/bollard/installation-bollards

**Care and Maintenance:**

Reliance's line of bollards are finished with a long-lasting powder coating. Proper care and maintenance are required. Regularly-performed inspections and routine cleaning will ensure that a bollard retains its aesthetic appeal and does not become damaged by the elements.

See Reliance Foundry's maintenance guide at: www.reliance-foundry.com/bollard/maintenance-bollards

**Notes:**
1) Bollard post is provided as shown. Concrete, foundation and/or installation ordered separately or provided by others.
2) Minimum foundation sizes depend on local soil conditions, weather conditions, and engineering requirements.
3) Dimensions provided herein are for reference only. Please consult Reliance Foundry sales professionals if any dimension is critical to your particular installation.
4) Reliance Foundry reserves the right to amend design and specifications without prior notice for product improvement.

**Tools needed:**
1) Measuring tape
2) 1 1/2" wrench
3) 3/16" hex key
4) Secure bollard cap with 3/8" set screws and cover set screws with plastic plugs.
5) Secure bollard base with 1" washer and 1" nut.

**Final Thoughts:**
- Polyester Powdercoated

See Reliance Foundry's standard color options at: www.reliance-foundry.com/bollard/colors-bollards

**Installation Options:**
- Fixed - Anchor Casting in New Concrete (see sheet 2 of 12)
- Fixed - Concrete Insert Anchor in Existing Concrete (see sheet 3 of 12)
- Fixed - Adhesive Anchor in Existing Concrete (see sheet 4 of 12)
- Fixed - Anchor Casting with Concrete Form (see sheet 5 of 12)
- Post Cover - New Post in New Concrete (see sheet 6 of 12)
- Post Cover - New Post in Existing Concrete (see sheet 7 of 12)
- Post Cover - Existing Post with Adhesive Anchor (see sheet 8 of 12)
- Post Cover - Existing Post with Concrete Anchor (see sheet 9 of 12)
- Removable - Anchor Casting in New Concrete (see sheet 10 of 12)
- Removable - Concrete Insert Anchor in Existing Concrete (see sheet 11 of 12)
- Removable - Premium Retractable in New Concrete (see sheet 12 of 12)

</table>

1) Ensure top of anchor casting is level and flush with finished concrete grade.
2) Wait until concrete is cured.
3) Tighten removable mount with 1" washer and 1" bolt.
4) Align and insert lock pin through bollard base.
5) Turn bollard base clockwise to tighten it into position.
6) Fasten the padlock.

### General Description:
The R-7539 Decorative Bollard features a classic design, suitable for traditional and contemporary environments. R-7539 bollards are made from a versatile ductile iron, featuring decorative fluting and spherical top castings. Bollard surfaces are protected by a durable powder coating, available in 6 standard colors, to prevent wear and corrosion. Use as fixed, stand-alone bollards or cover impact-resistant security posts. Removable mountings are available.

### Specifications:
- **Height:** 35 3/4"  
  **Base Diameter:** 10 1/4"  
- **Material:** Ductile Iron  
- **Max. Interior Security Post Size:** 4 1/2" x 25" (Diameter x Height)

### Finish Options:
- Polyester Powdercoated

See Reliance Foundry’s standard color options at: www.reliance-foundry.com/bollard/colors-bollards

### Installation Options:

- **Fixed:**  
  - Anchor Casting in New Concrete (see sheet 2 of 12)  
  - Concrete Insert Anchor in Existing Concrete (see sheet 3 of 12)  
  - Fixed - Anchor Casting with Concrete Form (see sheet 4 of 12)  
  - Post Cover - New Post in New Concrete (see sheet 6 of 12)  
  - Post Cover - New Post in Existing Concrete (see sheet 7 of 12)  
  - Post Cover - Existing Post with Adhesive Anchor (see sheet 8 of 12)  
  - Post Cover - Existing Post with Concrete Anchor (see sheet 9 of 12)  
  - Removable - Anchor Casting in New Concrete (see sheet 10 of 12)  
  - Removable - Concrete Insert Anchor in Existing Concrete (see sheet 11 of 12)  
  - Removable - Premium Retractable in New Concrete (see sheet 12 of 12)

For more information on bollard post installation, please visit: www.reliance-foundry.com/bollard/installation-bollards

### Care and Maintenance:
Reliance’s line of bollards are finished with a long-lasting powder-coating. Proper care and maintenance are required. Regularly-performed inspections and routine cleaning will ensure that a bollard retains its aesthetic appeal and does not become damaged by the elements.

See Reliance Foundry’s maintenance guide at: www.reliance-foundry.com/bollard/maintenance-bollards

### Notes:
1) Bollard post is provided as shown. Concrete, foundation and/or installation ordered separately or provided by others.
2) Minimum foundation sizes depend on local soil conditions, weather conditions, and engineering requirements.
3) Dimensions provided herein is for reference only. Please consult Reliance Foundry sales professionals if any dimension is critical to your particular installation.
4) Reliance Foundry reserves the right to amend design and specifications without prior notice for product improvement.

### Tools needed:
1) Measuring tape  
2) 1 1/2" wrench  
3) 3/16" hex key  
4) 3/8" set screws  
5) Plastic plugs  
6) Hexagon Socket Set Screw 3/8" x 3/4" - requires 3/16" hex key  
7) Secure bollard cap with 3/8" set screws and cover set screws with plastic plugs

### Notes:
1) Ensure top of anchor casting is level and flush with finished concrete grade.
2) Wait until concrete is cured.
3) Tighten removable mount with 1" washer and 1" bolt.
4) Align and insert lock pin through bollard base.
5) Turn bollard base clockwise to tighten it into position.
6) Fasten the padlock.

Tools needed:
1) Measuring tape  
2) 1 1/2" wrench  
3) 3/16" hex key  
4) 3/8" set screws  
5) Plastic plugs  
6) Hexagon Socket Set Screw 3/8" x 3/4" - requires 3/16" hex key  
7) Secure bollard cap with 3/8" set screws and cover set screws with plastic plugs

### Notes:
1) Ensure top of anchor casting is level and flush with finished concrete grade.
2) Wait until concrete is cured.
3) Tighten removable mount with 1" washer and 1" bolt.
4) Align and insert lock pin through bollard base.
5) Turn bollard base clockwise to tighten it into position.
6) Fasten the padlock.

Tools needed:
1) Measuring tape  
2) 1 1/2" wrench  
3) 3/16" hex key  
4) 3/8" set screws  
5) Plastic plugs  
6) Hexagon Socket Set Screw 3/8" x 3/4" - requires 3/16" hex key  
7) Secure bollard cap with 3/8" set screws and cover set screws with plastic plugs
